limitations / 0	Unknown values remain unknown; explicit zero is retained.
limitations / 1	Independent evidence and analyst/sponsor assumptions are distinct.
limitations / 2	Property/seller encumbrances affect title clearance, seller proceeds and negotiation constraints. They are not automatically added to investor project costs.
limitations / 3	Existing deterministic scenarios have no probability interpretation.
limitations / 4	MAO is the highest modeled purchase price satisfying the selected return hurdle under the stated assumptions. It is not a guarantee of return or an investment recommendation.
